CASH POINTS

The cash point is located outside the Svenska Massan near to Entrance 5.

SMOKING/ALCOHOL & DRUGS

Smoking and drug taking are strictly prohibited **inside** the venue premises AT ALL TIMES.

COPYRIGHT PROTECTION

As the Organiser we take a very strong view on Copyright infringement; any company reported infringing these rights will be immediately ejected from the exhibition. If a successful prosecution is brought by the affected company, a further ban would be imposed on the prosecuted company from exhibiting at future ECOC events.

PHOTOGRAPHY/FILMING

Photography must be limited to just images of your own booth. Photography is prohibited on the exhibition floor. Any photography and videotaping must be approved by the exhibition organisers. Anyone caught taking pictures of other companies' products will be ejected from the exhibition.

Exhibitors are also not permitted to walk around the exhibition prior to opening time and should work only within their booth.

HANDOUT/LEAFLETS

All promotional material must be handed out from your stand area, companies are forbidden to hand any items out in public areas including catering areas, registration areas, venue restaurants etc.

SECURITY

Twenty-four-hour security will be provided throughout the tenancy. However, the organiser expressly decline responsibility for any loss or damage which may befall the person or property of the exhibitor. The exhibitor must take responsibility for the security of all items in their stand and personnel items. Show Management, Security personnel will try to guard against theft and damage, but the ultimate burden falls on the exhibitor.

Although the organiser take every precaution to ensure that every risk is minimized it is recommended that exhibitors take the following actions:

- Make sure you arrive prior to the official opening time and do not leave your stand at night before visitors leave the centre. Covering the products with night sheets is a deterrent.
- Business tools such as laptop computers, recorders, calculators and give away items are the things most often stolen. They should be guarded and stored safely at night.
- Thieves will also take personal items such as purses, mobile phones, suit coats and toolboxes. Do not leave personal items unprotected in your booth.
- Alternatively, items can be removed from the building. Pass out authorization can be obtained from the organiser office.
- Please note that the build-up and dismantling days are vulnerable periods. Companies are recommended to never leave their stand unattended and to take all valuable and portable items with them as soon as the exhibition closes.
- Please ensure that any incident involving the **loss of property** is reported promptly to the **Organiser Office**. Failure to do so could result in refusal by insurance companies to meet your claim.
- **Lost property** can be collected from the **organiser office** during the event. However, after the event all items will be given to the venue.
- Consider covering your exhibit with some sort of cloth at the close of each day. The psychological deterrent makes it more difficult for people to handle merchandise. Criminals often look for the easy mark first.
- You can hire your own security guard for your stand at your cost. Please refer to the ECOC order forms

We urge **all** exhibitors to have insurance for all personal items, business equipment (in the event of theft or damage), accident insurance and public Liability to cover visitors to the stand and you have taken out the mandatory fire and flood insurance from the venue.

THEFT FROM STAND

In case of theft the following procedure has to be followed:

1. Lodge a written complaint within 24 hours with the local authority and ask for an acknowledgement of the complaint to the organisers office.
2. Take any steps required by the laws and regulations in force to maintain recourse against third parties. The Exhibitors undertake to waive any faculty or recourses against the Svenska Massan.

Exhibiting companies cannot conduct meetings with attendees in their booth during non-show hours.
